## **How to make effective Public Comment**

**In order for Public Comments to have maximum effect, they should stick to the facts relevant to vested rights.**

Although most of our concerns lie with the consequences a project like this would have on our community and the Natural World, these are not relevant to the ongoing vested rights hearing. The following information is intended assist you in making concise, relevant and impactful public Comments that will support Plumas County in making good decisions and following their own rules, regulations and state laws.

**Send all Public Comment to Plumas County Planning Director:**

[TraceyFerguson@countyofplumas.com](mailto:TraceyFerguson@countyofplumas.com)

We encourage anyone submitting Public Comment to the hearing regarding US Copper's request for vested rights to make comments based on the facts of hearing. To bring oneself up to speed on these facts as quickly and simply as possible, we recommend:

### **Shute, Mihaly & Weinberger Letter to Plumas County:**

**For the complete record of the hearing, including:**

- **US Copper Request for a Vested Rights Determination:** Do not be intimidated, there are only 24 pages of original text (with lots of pictures).
- **Staff Report:** The "Recommended Actions" are on page 5 of the PDF.
- **Zoning Administrator Meeting Minutes:** Illustrates how the citizens brought pertinent information to light and the Zoning Administrator responded by continuing the hearing.
